Environment”

# Message from the President

SAVE THE LIFE  
CHARITABLE  
TRUST

Dear Friends,

The year 2024–25 has been a milestone for Save the Life Charitable Trust. With your support, we expanded our reach from children in need of education to women striving for empowerment. From distributing stationery to nurturing the environment, from running free tuition centers to teaching women self-defence and tailoring skills, every project has brought us closer to our vision of a self-reliant and educated society. We are proud to report that this year we utilized ₹14,00,000 towards impactful projects, ensuring complete transparency and accountability. Our journey is just beginning, and with your blessings, we aim to serve more lives in the coming years.

“Education, empowerment, and environment are not just projects for us they are our promise for a better tomorrow.”

# About Us

Save the Life Charitable Trust was founded to serve the underprivileged with dignity and care. Our Vision is to build an educated, empowered, and sustainable society. Our Mission is to support children's education, empower women, and protect the environment. Guided by Values of transparency, inclusivity, and service, we focus on real, community-based solutions. With each project, we move closer to our goal of creating opportunities for those who need them the most.

# Key Projects 2024–25

SAVE THE LIFE  
CHARITABLE  
TRUST

## Content:

This year, we carried out diverse projects:

- Stationery Distribution: Reached 1,200+ children.
- Free Tuition Centers: Supported 500+ students.
- Women Self-Defence: Trained 200+ girls.
- Sewing Machine Training: Skilled 80+ women.
- Environmental Drives: Organized 15+ plantation and awareness events.
- Women Empowerment Workshops: Financial literacy and health sessions.

Each project reflects our commitment to education, safety, and empowerment.

# Stationery Distribution

SAVE THE LIFE  
CHARITABLE  
TRUST

**Education begins with the basics. In 2024–25, Save the Life Charitable Trust distributed essential stationery to over 1,200 underprivileged children. From notebooks and pens to school bags, these small tools created big opportunities for learning. For many children, this support meant continuing education without financial burden on their families. By ensuring access to simple yet vital resources, we are planting the seeds of confidence and hope in young minds.**

# Environment Programs

SAVE THE LIFE  
CHARITABLE  
TRUST

Our commitment to nature remains strong. This year, we organized 15+ plantation drives and community clean-up campaigns, spreading awareness about environmental sustainability. Volunteers, children, and women participated in planting trees and nurturing them, symbolizing growth and responsibility. Beyond plantation, we held sessions on reducing plastic use and protecting local resources. Each sapling planted is a promise for future generations.

# Free Tuition Centers

SAVE THE LIFE  
CHARITABLE  
TRUST

To bridge educational gaps, our free tuition centers supported more than 500 students. These centers provided academic guidance, mentoring, and a safe learning environment. Many children who could not afford private tuition received quality help in subjects like mathematics, science, and languages. Our teachers and volunteers worked tirelessly to prepare students for a brighter future. Education is the foundation of empowerment, and our centers continue to light the path.

# Sewing Machine Training

SAVE THE LIFE  
CHARITABLE  
TRUST

**Livelihood skills create independence. Our Sewing Machine Training Program enabled 80+ women to learn tailoring and garment-making. This program not only provided technical skills but also encouraged entrepreneurship, allowing women to start home-based businesses. Many beneficiaries have already begun earning and supporting their families. By empowering women with practical skills, we are building stronger households and communities.**

# Women Empowerment

SAVE THE LIFE  
CHARITABLE  
TRUST

**True empowerment goes beyond training. Our workshops focused on financial literacy, health awareness, and entrepreneurship for women. These sessions encouraged women to take leadership roles in their families and communities. By equipping them with knowledge and skills, we fostered confidence and self-reliance. Women empowerment remains at the heart of our mission, as empowered women uplift entire generations.**

# Financial Report 2024–25

SAVE THE LIFE  
CHARITABLE  
TRUST

Transparency is the foundation of our work. The audited report for 2024–25 reflects total utilization of ₹14,00,000:

## Environmental Programs

₹2,00,000 spent on tree plantation and awareness drives.

---

## Free Tuition Centers

₹4,00,000 invested to support education for 500+ students.

---

## Women Empowerment

₹3,50,000 used for sewing, self-defence, and workshops.

---

## Stationery Distribution

₹4,50,000 spent to provide learning materials to 1,200+ children.

# Testimonials

SAVE THE LIFE  
CHARITABLE  
TRUST

## From a Student (Free Tuition Center):

Before joining the free tuition centre, I struggled to keep up in school. Today, I am confident, scoring better, and even helping my younger siblings. This trust gave me the gift of education and hope."

– Ravi, Class 3<sup>rd</sup> Student

Risks & Opportunities

## From a Woman (Sewing Training)

I never imagined I could earn for my family. Through the sewing machine training, I started stitching clothes for neighbors and now support my children's education. This program changed my life."

– Meena, Beneficiary

# Future Plans 2025–26

Looking ahead, we plan to:

- Expand tuition centers in rural areas.
- Launch women entrepreneurship programs.
- Introduce digital literacy classes.
- Organize large-scale environmental campaigns.

Our goal is to scale impact, touch more lives, and continue building a future of education, empowerment, and sustainability.
